

# PLEDGE FOR PEACE

In these slow days of summer, PDA is gearing up for a fall peace offensive. And we need every PDA activist or ally to spread the word that now is the time to contact House Speaker Nancy Pelosi and members of Congress to end the Iraq occupation. And to sign the on line petition at [pdamerica.org](http://pdamerica.org) supporting the members of Congress who have pledged that they “will only support appropriating additional funds for U.S. military operations in Iraq during Fiscal Year 2008 and beyond for the protection and safe redeployment of all our troops out of Iraq.”

Seventy members of Congress have already signed an open letter to President Bush with those words: no additional funds “except for the protection and safe redeployment of all troops”

The Pledge for Peace campaign has to begin now because in September, Congress will be debating FY 2008 funding for military operations in Iraq. That is what prompted the 70 members of Congress to put Bush on public notice with their letter. We must grow that number from 70 to 100 and 150.

The popularity of Democrats in Congress is dwindling as they allow the Iraq occupation to continue.

So spread the word. Let’s rally around those Congress members who are standing firm in using their power of the purse to carry out the voters will of disengagement from Iraq.

Ultimately, PDA stands committed to the comprehensive Iraq withdrawal plan outlined in H.R. 508 by Lynn Woolsey with Barbara Lee & Maxine Waters, supported by 50 Congress members. The final plan will likely not be called 508 but should include withdrawal of all U.S. troops and military contractors, an international stabilization force, major economic and humanitarian assistance to the Iraqi people, full healthcare for U.S. veterans, no permanent U.S. bases or control over Iraqi oil.

## *What is PDA?*

*Progressive Democrats of America* was founded in 2004 to transform the Democratic Party and our country. We seek to build a party and government controlled by citizens—not corporate elites—with policies that serve the broad public interest, rather than private interests. As a grassroots PAC operating *inside* the Democratic Party, and *outside* in movements for peace and justice, PDA played a crucial role in the electoral victory of November 2006. Our inside/outside strategy is guided by the belief that a lasting majority will require a revitalized Democratic Party built on firm progressive principles.

For over two decades the party declined, as its leadership listened more to the voices of Wall Street than those of Main Street. PDA strives to rebuild the Democratic Party from the bottom up—from every Congressional District, to statewide party structures, to the corridors of power in Washington—where we work arm in arm with the Congressional Progressive Caucus (CPC). In just a couple of years PDA and its allies have shaken up the political status quo on issues from the Iraq war, to voter rights, to economic justice.
