Progressive Democrats of America (PDA) was founded in 2004 to transform the Democratic Party and our country. We seek to build a party and government controlled by citizens, not corporate elites - with policies that serve the broad public interest, not just private interests. As a grassroots PAC, PDA operates inside the Democratic Party, and outside in movements for peace and justice.

Millions of Americans have no reliable access to health care and millions more have inadequate or overly expensive coverage. Despite spending twice as much as other developed nations on health care, our system performs poorly. Private U.S. insurance gatekeepers soak up one-third of expenditures. Pharmaceutical interests overcharge Americans by avoiding price competition.

War and Peace

Terrorism should be treated as a crime, not as a pretext for war and global military expansion. Nuclear weapons are too dangerous to serve the strategic interests of any country and must be abolished. Initiatives to promote peace, disarmament, and the rule of international law will allow the US military budget to return to the 1998 peacetime level. We must bring our troops home to their families and redirect wasteful military spending to reinvest in America.

Election Integrity:

Big-money domination threatens our election system. Incumbents are unfairly insulated by district gerrymandering. Voters face political and racial obstacles to voting and getting their votes counted. EMERGENCY AID FOR NATURAL DISASTERS

The climate change-intensified natural disasters of 2017 have laid bare the federal government's current response as both politicized and racist. How would you identify and legislatively fix underlying structural flaws in federal disaster relief and preparedness funding to ensure more timely, equitable, a effective federal responses to future events? (No more than 250 words)

Rather than deal with disasters as unbudgeted events, we should have a funded disaster plan. We should also allow for more flexibility to rebuild infrastructure with greater resiliency, such as elevated structures or buried cable. We should also include programs to allow people to move to areas less likely to flood (or burn). We should also allocate funds to build flood control infrastructure, repair dams, etc.

Corporate Rule

Big corporations and banks dominant our political process, spending billions to lobby for programs against the public interest, and to privatize public services for profit. This erodes the middle class, destroys vital services, increases poverty, and undermines our nation. Congress must work to return our government to the people, improve services, stand up to corporate lobbyists, and stop the privatization of public services. We need a
