Progressive Democrats of America (PDA) was founded in 2004 to transform the Democratic Party and our country. We seek to build a party and government controlled by citizens, not corporate elites - with policies that serve the broad public interest, not just private interests. As a grassroots PAC, PDA operates inside the Democratic Party, and outside in movements for peace and justice.

Healthcare:

PDA National Endorsement Policy - 2018
Candidate Questionnaire – House – FINAL

Millions of Americans have no reliable access to health care and millions more have inadequate or overly expensive coverage. Despite spending twice as much as other developed nations on health care, our system performs poorly. Private U.S. insurance gatekeepers soak up one-third of expenditures. Pharmaceutical interests overcharge Americans by avoiding price competition.

H.R. 676 Expanded and Improved Medicare for All Act
Sponsor: Rep. John Conyers

Yes No If not, why not?? (50 word limit)

This is a major theme of our campaign. Not only the wealthy deserve to be healthy. We should move to Single-Payer/Medicare-for-All.

War and Peace

Terrorism should be treated as a crime, not as a pretext for war and global military expansion. Nuclear weapons are too dangerous to serve the strategic interests of any country and must be abolished. Initiatives to promote peace, disarmament, and the rule of international law will allow the US military budget to return to the 1998 peacetime level. We must bring our troops home to their families and redirect wasteful military spending to reinvest in America.

H.R. 1111 Department of Peacebuilding Act of 2017
Sponsor: Rep. Barbara Lee

Yes ? No ? If not, why not?? (50 word limit)

Of course, I favor peace and preventing the United States from becoming embroiled in unnecessary or counterproductive wars. I do not have any objection to this bill, but I am not sure another federal department will contribute to the cause.

Global Warming/The Environment

Environmental degradation and global warming threaten human civilization. Science conclusively demonstrates that global warming results from human activity. Greed and corporate power dominate US policy imposing a nearsighted focus on short term profits instead of serving the welfare of future generations of Americans

I support most of this bill, particularly with respect to the Arctic and Gulf of Mexico. I have some doubts as regards natural gas leases in some areas in the short term.

Election Integrity:

Big-money domination threatens our election system. Incumbents are unfairly insulated by district gerrymandering. Voters face political and racial obstacles to voting and getting their votes counted. Digital voting systems and internet voting are vulnerable to error and manipulation and defy verification. Only an auditable paper ballot can protect our right to vote.

Economic and Social Justice:

The enormous wealth disparity between the top 1% and the rest of America is an unsustainable economic and social injustice. Will you work for an economic recovery that employs all those willing and able, that houses all those needing shelter, and that imposes the cost based on the ability to pay.

H.R. 1144 Inclusive Prosperity Act of 2017

EMERGENCY AID FOR NATURAL DISASTERS

The climate change-intensified natural disasters of 2017 have laid bare the federal government's current response as both politicized and racist. How would you identify and legislatively fix underlying structural flaws in federal disaster relief and preparedness funding to ensure more timely, equitable, a effective federal responses to future events? (No more than 250 words)

PDA National Endorsement Policy - 2018
Candidate Questionnaire – House – FINAL

Obviously, with the increasing number and severity of natural disasters, Congress needs to increase disaster relief funding. Procurement procedures for external expertise and supplies should also be reviewed and revised to facilitate timely provision of immediate and longer-term relief. Priorities also need to be more clearly defined. In addition, I like S. 709 and H.R. 1678, which set a three-year statute of limitations for actions to recover disaster or emergency assistance payments. Also, it is unconscionable to hold hostage emergency relief to other budget issues, as has happened in the current Congress. Along with improving disaster relief programs per se, Congress should provide emergency funds to bolster Medicaid to deal with victims of natural disasters.

Corporate Rule

Big corporations and banks dominant our political process, spending billions to lobby for programs against the public interest, and to privatize public services for profit. This erodes the middle class, destroys vital services, increases poverty, and undermines our nation. Congress must work to return our government to the people, improve services, stand up to corporate lobbyists, and stop the privatization of public services. We need a constitutional amendment to establish that corporations are not people and that money does not equal speech.

Mass Criminalization

The United States houses 25% of the world's inmates despite having only 5% of the world's population. The prison industrial complex has a vested interest in keeping people locked up. The growth of private, for-profit prisons has placed incarceration beyond public view. The administration of justice system is prejudiced against the poor and minorities.

Equality Issues

The belief in equality, including religious equality, is a part of the founding documents of our nation and an important part of our national identity. Equality still has not been achieved by most groups in this country. We hope and expect that our endorsed Candidates will sponsor, co-sponsor, and/or support legislation that furthers the reach of equality to any and all groups seeking equal status.

HJ Res 53 Removing the deadline for the ratification of the Equal Rights Amendment

Education

Education in the USA is unaffordable for the majority of Americans. The securitization of student debt has placed our students at the mercy of corporate predators. Minorities are denied equal access to education. We work to make our education system accessible and affordable to all.

General

Please provide us with information in the sections provided below, some information about your campaign:

Ñ Your campaign plan with some detail

We have dozens of volunteers in all three counties in FL16. While relying extensively on social media, we have begun a series of "Meet-the-Candidate" coffees and other events. In addition, since we are "grass roots," we cover dozens of events in the district each week.

Ñ Your capacity to raise the necessary capital to fund the campaign,

So far, our campaign has been too slow at fundraising. This is partially the fault of the local Democratic establishment pushing a personal injury lawyer with deep pockets. It is, however, admittedly, primarily the fault of the candidate. Also, the candidate runs a free legal clinic in public housing, which means colleagues and clients are scarcely flush.

Ñ Your campaign staff in place

We are currently searching for a new campaign manager. Meanwhile, we have a very good IT person and volunteer coordinator. We are also seeking county chairs for each of our three counties and should have them in place in two of them by next week.
