### Healthcare:

*Millions of Americans have no reliable access to health care and millions more have inadequate or overly expensive coverage. Pharmaceutical interests overcharge Americans by avoiding price competition.*

## War and Peace

***Terrorism should be treated as a crime, not as a pretext for war and global military expansion. Nuclear weapons are too dangerous to serve the strategic interests of any country and must be abolished. Initiatives to promote peace, disarmament, and the rule of international law will allow the US military budget to return to the 1998 peacetime level. We must bring our troops home to their families and redirect wasteful military spending to reinvest in America.***

**H.R. 1111** Department of Peacebuilding Act of 2017  
**Sponsor:** Rep. Barbara Lee

## **Global Warming/The Environment**

***Environmental degradation and global warming threaten human civilization. Science conclusively demonstrates that global warming results from human activity. Greed and corporate power dominate US policy imposing a nearsighted focus on short term profits instead of serving the welfare of future generations of Americans***

### **Election Integrity:**

***Big-money domination threatens our election system. Incumbents are unfairly insulated by district gerrymandering. Voters face political and racial obstacles to voting and getting their votes counted. Digital voting systems and internet voting are vulnerable to error and manipulation and defy verification. Only an auditable paper ballot can protect our right to vote.***

## EMERGENCY AID FOR NATURAL DISASTERS

The climate change-intensified natural disasters of 2017 have laid bare the federal government's current response as both politicized and racist. How would you identify and legislatively fix underlying structural flaws in federal disaster relief and preparedness funding to ensure more timely, equitable, a effective federal responses to future events? (No more than 250 words)

I would support comprehensive legislation, like the bill that Sen. Warren and Sen. Sanders introduced to rebuild Puerto Rico.

## Corporate Rule

*Big corporations and banks dominant our political process, spending billions to lobby for programs against the public interest, and to privatize public services for profit. This erodes the middle class, destroys vital services, increases poverty, and undermines our nation. Congress must work to return our government to the people, improve services, stand up to corporate lobbyists, and stop the privatization of public services. We need a constitutional amendment to establish that corporations are not people and that money does not equal speech.*

## **Mass Criminalization**

*The United States houses 25% of the world's inmates despite having only 5% of the world's population. The prison industrial complex has a vested interest in keeping people locked up. The growth of private, for-profit prisons has placed incarceration beyond public view. The administration of justice system is prejudiced against the poor and minorities.*

**Yes** **No** **If not, why not?? (50 word limit)**

## **Equality Issues**

*The belief in equality, including religious equality, is a part of the founding documents of our nation and an important part of our national identity. Equality still has not been achieved by most groups in this country. We hope and expect that our endorsed Candidates will sponsor, co-sponsor, and/or support legislation that furthers the reach of equality to any and all groups seeking equal status.*

## Education

*Education in the USA is unaffordable for the majority of Americans. The securitization of student debt has placed our students at the mercy of corporate predators. Minorities are denied equal access to education. We work to make our education system accessible and affordable to all.*

- Your campaign plan with some *detail*

**I'm running for Congress to take on the powerful special interests in Washington on behalf of Orange County families.**

Our campaign stands apart because of my track record of real work that has focused on building an economy that lifts up all Americans, including securing over \$18 billion in relief to families that were cheated by Wall Street.**

**Our campaign is unafraid to stand up and speak out for what is right, that is why I am proud to fight for Medicare for All, and to protect a woman's right to choose.**

**We are also running an ethical campaign by example - you can see that by who we have earned support from and how we fund our campaign.**

**Our campaign is proud to have earned endorsements from national Democratic leaders Senator Kamala Harris, Senator Elizabeth Warren, EMILY's List, Democracy for America, the Progressive Change Campaign Committee, and End Citizens United to name just a few.**

**We are proud to be running a winning a campaign that does not take corporate PAC money, or contributions from the following industries or those who work there: big banks, big oil, and gas, big pharma, or private charter schools, because I want everyone in the 45th to know that I am going to Washington to represent them, not powerful special interests.**

**We have built a strong team of paid staff and grassroots volunteers, in addition a coalition of national and local leaders and organizations who are currently contacting over 2,500 voters a day on the phones or at the doors. We have also raised the resources to run a full TV, direct mail, and digital advertising campaign.**
